

Hutt Valley High School Uniform 2018

Hutt Valley High School is a uniform school. One of the most important ways the school can maintain its good reputation and image in the community is for its students to wear the school uniform correctly. The wearing of the uniform should be regarded as a privilege for students and its enforcement by staff and caregivers is a foundation on which to build respect and pride.

Our expectations

All our students are expected to wear correct school uniform from when they leave home in the morning until they return home at the end of the day. *Where there is a genuine reason for a student not wearing correct school uniform the caregiver should provide an explanatory note with contact details included. This must be provided on the day.*

We would appreciate your support in our efforts to enforce uniform rules at Hutt Valley High School.

The full details of the school uniform, along with procedures and consequences, are published on our school website www.hvhs.school.nz.

Approved uniform items are available from the school Resource Centre, open daily.

Please note: a layby or AP can be set up for Uniform and Fees once enrolment is confirmed
